Rely\*On Virkon is diluted for application and sprayed on hard surfaces and equipment. It can therefore help to reduce the risk of cross-contamination from surfaces, door handles, tables or chairs during disinfection measures at public transport terminals, airports, hospitals, clinics, shopping malls, etc. Rely\*On Virkon high level disinfectant achieved rapid and complete inactivation of the SARS-CoV-2 virus at a 1:100 dilution rate in just 60 seconds!

Director Disinfection at LANXESS. "Right now, good hygiene cleaning and disinfection practices are more important than ever. The fact that Rely<sup>®</sup>On Virkon inactivates SARS-CoV-2 so quickly will help reassure people that the disinfectant product they are using is both fast and effective in practical use," underlines Bischof.

Rely<sup>®</sup>On Virkon is a powder disinfectant concentrate diluted in water for application as a spray on hard surfaces and equipment (non-medical). It can therefore help to reduce the risk of cross-contamination from surfaces, door handles, tables or chairs during disinfection measures at public transport terminals, airports, hospitals, clinics, shopping malls, etc.

The LANXESS Material Protection Products business unit produces a wide range of scientifically based disinfection technologies under the Rely<sup>®</sup>On and Virkon brand. Detailed information is available at <http://www.virkon.com> and <https://coronavirus.lanxess.com/>.

LANXESS is a leading specialty chemicals company with sales of EUR 6.8 billion in 2019. The company currently has about 14,300 employees in 33 countries. The core business of LANXESS is the development, manufacturing and marketing of chemical intermediates, additives, specialty chemicals and plastics. LANXESS is listed in the leading sustainability indices Dow Jones Sustainability Index (DJSI World and Europe) and FTSE4Good.
